

KLOVE has been a welcome breath of fresh air to our community and to my family here in San Antonio. It has a profound impact on my life and the lives of my family and friends. It is always positive and uplifting. In this day and age, we need all the encouragement we can get. If KLOVE is displaced by LPFM, it would leave a huge gap in the San Antonio area when it comes to positive Christian music. Yes there are alternatives in the AM band. But they don't compare to KLOVE. KLOVE is the only station in our area that provides 100% positive and encouraging music and where we as parents can feel our children are safe when they listen. It is my belief that keeping normal FM broadcast and not switching to LPFM is in the best interest to my community and the general public. The public needs the opportunity to have access to this type of programming. In our society, we need to be encouraged every day. And KLOVE provides a method for doing just that. I would ask that you seriously consider the consequences that switching to LPFM will have on communities around the US and other stations like KLOVE who would also suffer a great loss should this be implemented. Thank you for your time. Respectfully, Gordon Fox
